GUIDELINES

- ◆ The 10, 15, or 20 business day shipments are from the date the order is received to the date the order ships. Business days are considered from Monday to Friday. United States and Canadian Holidays, Saturday and Sunday are not considered business days.
- ◆ Pump controllers and jockey pump controllers are drop shipped from the controller manufacturer to the shipment address in 10, 15, or 20 business days.
- ◆ The above lead times and fees apply to single set orders. If quantity required is more than one, please consult Domestic_Customerservice@Pentair.com.
- ◆ Make sure to select Red Hot in the shipping area under conditions of service in Encompass.
- ◆ Orders that require Engineering routing cannot be processed as a Red Hot order.
- ◆ The charge for the Red Hot program is a non-refundable expediting fee which will only be refunded if the pump is shipped more than 5 business days past the scheduled shipment date.
- ◆ It is not necessary to check with Customer Service prior to accepting an electric split case or inline Red Hot fire pump order, as long as the order falls within the models and parameters specified.
- ◆ The pump, motors, jockey pump (PVM), pump and jockey pump controllers must be in the program to qualify without constraints.
- ◆ If any of the above are not listed in the program, please contact Domestic_Customerservice@Pentair.com for possible availability and any additional fees or restrictions.

All lead times are estimates only and are not guaranteed. The lead times do not include factors that may impact the estimates such as pre-scheduled shutdowns. All information is subject to change by Pentair without notice. Pentair reserves the right to make changes to this program without notice.
