

DERAGGER v PLC v VSD v Chopper Pump

What's your solution?	DERAGGER™ intelligent rag detection	Programmable Logic Controller (PLC)	VSD + Programmable Logic Controller	Chopper pump
Real-Time Rag Detection	Yes	No	No	No
Installation + Configuration Complexity	Low	Medium	High	Medium
Real-time analytics on pump efficiency and predictive maintenance	Yes	Some	Some	No
Cost	Low	High	High	High
Performance / Case Studies	Substantial / total eradication of ragging	Click here for Western Avenue Case Study	Click here for Union Township Case Study	Click here for Great Falls Case Study
